COMPANY BROCHURE.

www.sachqa.com

About **Company**

Currently we are providing approximately more than 550 staff deployed in different project in Qatar and ensuring that their properties are properly maintained and cleaned according the clients standard. Project need, also ensure the work force gets the necessary training programs and learning opportunities.

It's through our passion & commitment to our clients that we develop innovative ideas for the real time challenges. Our love & dedication towards the business enables us to become a better company for our clients, community & to ensure the service we offer runs smoothly

VISION AND MISSION

We always aim to provide a greater value for money while maintaining our professional approach and desired service quality.

Action Cleaning & Hospitality's aim is to continue growing based on a service delivery model design for long-term working partnerships with its clients and help them achieve success through a 'one team one vision' to facilities services.

Motivated and trained as per BICS staff is the cornerstone of good client service. It is with this in mind that we carefully select staff to serve at client sites. All our staff members go through an induction period where basic skills are imparted to them. We are very proud of our in-house training program, which has a strong approach to technical skills and industry knowledge.

Our staff also undergo additional on job training through, thereby ensuring that we have reliable and trained individuals who have a professional approach to their duties.

ENVIRONMENTAL CARE

Action Cleaning & Hospitality recognizes the impact our actions can have on people and the environment. To this end, health, safety and the protection of the environment is always of primary concern in our planning, decision making and service delivery.

We are committed to conduct business in a respective and caring way towards all people and the environment.

> STAR ACTION CLEANING & HOSPITALITY

HEALTH AND SAFETY

We recognize the importance of the health and safety of our staff, clients, assets and site users. We give health and safety a top priority at all levels of the business. A bespoke and detailed health and safety management plan is developed for each individual project in compliance with applicable regulations and internationally recognized standards.
